- 1 Purpose..... 3
- 2 Summary 3
- 3 Conferences and eceee Summer Study..... 3
- 4 Appendix: Summary of conferences and Summer Studies 4

1 Purpose

TrustEE is a three-year project (2016-2019) financed by the European Commission Horizon 2020 Framework Programme for Research and Innovation. The vision for the project is to finance and realise energy efficiency (EE) and renewable energy (RE) projects, with a focus on process heating applications at small and medium sized industrial enterprises (SMEs).

The purpose of Deliverable 6.3 is to report on partner participation in conferences and the eceee Summer Studies.

2 Summary

Over the course of the TrustEE project (2016-2020) TrustEE partners produced, participated in, or contributed to the following conferences, events, workshops, and eceee Summer Study events:

- A total of over **70** conferences and workshops
- A total of **3** eceee Summer Studies and eceee Industrial Efficiency Conferences, including hosting a TrustEE-sponsored workshop at the eceee 2018 Industrial Conference.

3 Conferences and eceee Summer Study

TrustEE partners participated in a total of over **70** number of conferences and workshops and **3** eceee Summer Studies and Industrial Efficiency Conferences over the course of the project.

This participation included focused TrustEE presentations, workshops or networking events at eleven (11) conferences/workshops, including the 2017 eceee Summer Study (France), the 2016 and 2018 eceee Industrial Efficiency Conferences (Berlin, Germany), the Alpbacher Finance Conference (2017, 2019), and others. Deliverable D6.2 includes the specific notes/protocols from the TrustEE-focused events/conferences sponsored by or highlighting TrustEE partners.

The topics of the conferences/events included:

- research or new developments in relevant technology areas (e.g., biomass, biogas, solar thermal, heating/cooling, energy efficiency)
- policy discussions (e.g., the role of long-term guarantees, energy efficiency policy)
- market dynamics and trends (e.g., financing, new business models),
- and new business/financing model developments focused on accelerating energy efficiency or renewable energy (e.g., presenting the TrustEE financing solution).

TrustEE partners planned and delivered focused events/presentations at eleven major conferences and events throughout Europe. Combined, these events attracted our target audiences including: 200+ technology suppliers/project developers, 60+ investors and financial stakeholders, and 100+ policy makers among others. D6.2 summarises the major events/workshops hosted by TrustEE or where TrustEE partners played a significant role.

The Appendix includes a full listing of the relevant conferences and workshops in which TrustEE partners participated over the course of the project.

4 Appendix: Summary of conferences and Summer Studies
